

U.S. DEFENSE PLANS ADVANCED

WAR DEPARTMENT HAS SUMMONED OFFICERS MOBILIZING PROGRAM

UTILIZATION OF INDUSTRY IN EVENT OF WAR TO BE SUBJECT CONFERENCE

WASHINGTON, Dec. 28. (AP)—The war department has summoned about 189 officers to a conference Thursday and Friday on its program for mobilizing industry in event of war, thus lending new emphasis today to the administration's accelerated defense program.

Other armament developments included:

1. Secretary Woodring's urgent recommendation that the Panama Canal be made "impregnable" against new reinforcements for that vital link.
2. Senator Clark (D-Mo) served notice that advocates of an expanded armaments program would encounter critical and determined opposition in the new congress.

War department officials said the conference on industrial mobilization was the first of its kind nationally and would be attended by procurement planning specialists of the army, navy and marine corps. They are the men responsible for detailed arrangements to obtain munitions and supplies.

Complete even to contract forms to avoid confusion and delay, "M-Day" (Mobilization Day) procurement plans have been in preparation since the world war. They include the specific functions to be performed by about 10,000 plants.

Panama Canal Defense. Woodring's plea for strengthening the Panama Canal fortifications went to President Roosevelt in the secretary's annual report. "Defense of the canal, the meaty by which the navy undertakes to protect both the Atlantic and Pacific coasts with a single fleet, has been a matter of national concern to Mr. Roosevelt. Within the last year, informed persons said, the chief executive directed that new protective measures be taken. In August, he made a detailed study of the Canal fortifications en route home from a Pacific fishing trip. Military authorities said that during 1938 the army and navy dispatched men, guns, planes and warships to make the 50-mile channel between the Atlantic and Pacific stronger than ever.

Woodring told the president it

BIG FLYING BOAT WRECKED; ONE DEAD AND THREE MISSING

LONDON, Nov. 28. (AP)—Imperial Airways today announced the \$200,000 flying boat Calypso had been found wrecked on Lake Ramadi, Iraq, with one of the dead, three missing and two injured.

A searching party recovered the body of Radio Officer B. B. Rees, and gave first aid to Pilot Captain E. H. Attwood, First Officer A. N. Spittswoode and Flight Clerk F. G. Utbee who were missing.

The Calypso was the fourth "C class" flying boat to meet disaster.

The others were the Capricornus, which crashed in France, her maiden flight in March, 1937, with five persons killed; the Courtier, which crashed at Athens in October, 1937, with three dead, and the Cygnus, which fell at Brindisi, Italy, in December, 1937, with two dead.

IOWA YOUTH WINNER HIGHEST HONORS IN NINTH ANNUAL MEAT ANIMAL PROJECT OF 4-H CLUBS

CHICAGO, Nov. 28. (AP)—An Iowa youth, Myron A. Johnson, 20, of Boone, won highest honors today in the ninth annual meat animal project contest sponsored by the national 4-H club congress.

Sectional honors went to Texas, Montana, and Maryland.

Held in conjunction with the international livestock exposition, the contest drew entries from 36 states. Awards were provided by Thomas E. Wilson, Chicago packer.

Gordon Grote, 17, of Mason, Texas, won southern sectional honors for the second time. Western sectional honors were awarded Joe W. Elsenman, 19, of Park City, Montana, and the eastern award went to Roland H. Mullin, 19, of Woodbine, Maryland.

Johnson successfully completed 10 years of livestock and five of corn projects in connection with his farm and school work.

As national winner he was

CARDINAL MAKES HISTORY

George Cardinal Mundelein of Chicago is shown as he celebrated pontifical mass in St. Peter's in Rome, November 13 in connection with the beatification of Mother Cabrini. It was first time an American cardinal had celebrated mass in St. Peter's.

WAR VETERANS OF FRANCE APPEAL FOR LABOR SETTLEMENT

URGE GOVERNMENT AND LABOR UNIONS TO AVERT ANY GENERAL STRIKE

By HENRY C. CASSIDY.

PARIS, Nov. 28. (AP)—The Daladier government's campaign to open up gaps in labor lines drawn up for a 24-hour strike Wednesday.

Labor Minister Charles Pomaret announced he had received assurances that department stores, banks and insurance companies all would remain open despite the strike call issued by the General Confederation of Labor.

Independent unions, including the General Confederation of Christian Workers, also proclaimed opposition to the strike, called to protest Premier Daladier's labor-finance policies.

The deadlock between the government and the principal unions persisted, however.

The unions' determination to strike and the government's insistence that public services be maintained aroused widespread apprehension. Appeals were made to both sides to avoid any dangerous action.

Among the main unions are those of factory workers, miners and public service employees, including railroad, subway and bus workers.

The government has been given decrees authority to mobilize railroad workers in effect to place them under army discipline and subject them to army penalties—but has not put its power into force.

Deputies of the socialist union group joined war veterans in an appeal to both sides for peace.

Labor's impasse was shown by a new strike at Dunkerque where 5,000 metal workers struck in protest against the government's policies.

The government was understood to be preparing to follow up its week-end appeals to the nation against the strike and to be prepared, if necessary, to put under military control the radio and under military control the telephone.

Representatives 5,000,000 Men. The National Confederation of War Veterans, representing 5,000,000.

HUNTING AND HOME ACCIDENTS LEADING TRAFFIC ACCIDENTS

Despite heavy holiday and football traffic only three deaths.

By The Associated Press.

Hunting and home accidents exceeded traffic accidents as hazards to life and limb in Texas during the week end.

Although post-holiday movements and major football games brought heavy volume of travel, only three traffic fatalities were reported yesterday (Sunday).

Miss Nannie Standifer, 24, of Denison, was killed when a rear tire of an automobile in which she was riding blew out and the car overturned. C. B. Moore, 45, of Garrison, was killed as a car crashed into a culvert. Ben L. Ellwood, 60, was injured fatally when he was hit by an automobile as he walked in front of his home. Monty Stratton, 25, ex pitcher of the Chicago White Sox, suffered an accidental bullet wound in the right leg when he was hunting rabbits on his mother's farm near Greenville. He may lose his leg. Fred W. Brown, 29, of Dallas, suffered loss of blood and shotgun pellets in the right leg when a gun was discharged accidentally while he was hunting with two companions.

Mrs. Lula Hall, 65, near Temple, died of burns. Her night clothes caught fire as she stood near a stove. Dave Blackburn, about 65, burned to death in a fire which gutted a three-story tenement building in Galveston.

Gus apophyxtion killed William Ferguson, 22, student at Texas

SANTA CLAUS WILL ARRIVE CORSICANA MONDAY, DEC. 5

BIG PARADE IS SCHEDULED WITH MANY ATTRACTIVE, ENTERTAINING FEATURES

Santa Claus is coming! And he is due in Corsicana for his initial appearance of the season next Monday night, December 5, at 7 o'clock to formally open the city-wide holiday activities.

Arrangements have been completed by members of the Retail Trade Committee of the Corsicana Chamber of Commerce for the appearance of the Christmas patron and his entourage next week and elaborate preparations are being made.

Some stores have already put their holiday lights up and have their windows appropriately decorated, and all of them are expected to participate in welcoming thousands of visitors to Corsicana next week.

The special lights will be erected in the downtown section this week, and they will be turned on for the first time at 7 o'clock next week as the signal for Santa Claus and his party to start their parade through the business district.

Full details of the big parade will be announced later this week but Santa Claus will be here in his sleigh drawn by real reindeer, along with several other floats, chariots, calliopes and other decorated mobile units in addition to a number of clowns and other entertainers.

Efforts are now under way to extend the special holiday lighting in the business section and also for a number of added features of entertainment for visitors to Corsicana from now until Christmas—just a month off.

RECENTLY ELECTED CONGRESSMAN HEADS COMMUNIST BODY

THAT WAS DECLARATION OF WITNESS BEFORE HOUSE UNAMERICAN PROBES

WASHINGTON, Nov. 28. (AP)—House investigators received testimony today that Representative-elect Vito Marcantonio of New York "is the president head of the international labor defense." "There is no doubt," the witness testified, "that he is a communist front organization."

The testimony came from Sam Baron of New York, appearing before the Dies committee investigating un-American activities.

Baron said the ILD had sponsored a meeting in Jersey City, N. J. last year, which Representative-elect O'Connell (D-Mont) and Bernard (FL-Minn) were to have spoken in protest against alleged circumvention of civil rights in the city.

He said the organization "stuck its foot in the water, found it too hot, and ran."

"Vito Marcantonio," Baron asserted, "is the president head of the International Labor Defense." "You are certain that it is a communist front organization?" asked Chairman Dies (D-Tex.). "There is no doubt whatsoever," the witness replied.

Marcantonio, a former congressman, was elected to congress November 8 on the Republican and

CHAMBERLAIN AND HALIFAX PLANNING VISIT TO MUSSOLINI

FURTHERANCE PRIME MINISTER'S EUROPEAN APPEASEMENT IDEA BE SOUGHT

LONDON, Nov. 28. (AP)—The government announced tonight that Prime Minister Chamberlain and Foreign Secretary Halifax planned to visit Italy during the first half of January to confer with Premier Mussolini in furtherance of Chamberlain's European appeasement policy.

Informed persons describe the prime minister as confident that by personal contact with the Italian duce he might set in motion negotiations which would lead to a broad-scale accord among the European Big Four—Britain, Germany, Italy and France.

The announcement of his Italian visit came shortly after the prime minister had told the house of commons that Britain had not committed herself to send an ex-

PRESIDENT HOLDS CONFERENCE WITH TWO AMBASSADORS

BERLIN AND ROME DIPLOMATS DISCUSS PROBLEMS OF OPPRESSED PEOPLES

By D. HAROLD OLIVER.

WARM SPRINGS, Ga., Nov. 28. (AP)—President Roosevelt resumed his conference on European oppressed minorities today with the ambassadors to Germany and Italy.

The group met at the "little white house" on Pine Mountain after the diplomats—Hugh B. Wilson and William Phillips, envoys respectively to Berlin and Rome—had refreshed themselves with a motor ride in the brisk morning air.

They were called back to the mountain retreat after a four-hour conference last night. There were no official announcements following this meeting.

The conferences are expected to crystallize the developing American policy which thus far has embraced condemnation of persecution of Jews, Catholics and Protestants in Europe, efforts to protect American citizens and property, and cooperation with other democracies to find foreign refugees for the mistreated.

The German ambassador, Hugh

LABOR FEDERATION ATTEMPTS OPERATE STOCKYARDS FAIL

STRIKING CIO HANDLERS HAD MASSED LARGE NUMBER PICKETS AT GATES

CHICAGO, Nov. 28. (AP)—An attempt by American Federation of Labor Workers to operate the Chicago stockyards in the face of a strike called by the CIO apparently failed today.

"There is no doubt," business agent of local 517 of the AFL Livestock Handlers Union, had guaranteed to have between 150 and 200 men at work in the huge yards by 6 a. m. More than three hours after that time, Orvis T. Henkle, general manager of the Union Stock Yard and Transit company, announced that a man had reported for work. The bargaining agent for the livestock receipts were about one-third of normal.

AFL headquarters claimed some men had slipped through the picket lines, but no stock was found moving in the yards, and William Hunter, chief of the stockyard police, said no working passes had been issued.

"We shall call off the strike if the management will agree to negotiate a written agreement and to bargain in good faith," Van A. Blumer, chairman of the packing house workers organizing committee, set forth in a statement.

He pointed out the CIO handlers union had been selected last March as the sole bargaining agent for the handlers at the yards. He added:

"Want No Major Strike

"We hope a major strike will not occur in the packing house industry."

CLEAR WEATHER IN EASTERN SECTOR OF UNITED STATES

SUB-FREEZING TEMPERATURES GENERAL AS FAR SOUTH AS GEORGIA

(By The Associated Press.)

Clear weather but cold settled over the eastern half of the country today in the wake of a double-barreled, two-blizzard "sneak" preview of the 1938 edition of winter.

Sub-freezing temperatures were general as far south as Georgia and as far west as Kansas City.

On top of the hard crust of ice and snow from the Thanksgiving blizzard lay anywhere from one to five inches of fresh week-end snow. In Virginia, where the total snowfall last year was only 1-07 inches, 7-12 inches of snow was on the ground.

New England dug out from five inches that pelted down in the second storm. New York only got about two inches, but New York City reckoned its snow removal cost at a million dollars already.

Relief parties drove and tramped through the woods of northern Maine to reach 100 marooned hunters. Several new weather casualties were reported—a fisherman apparently lost at sea off Nantucket Island, Mass.; a man frozen near Charleston, W. Va.; a victim of a heart attack due to snow shovelling at Buffalo, N. Y.

In general, there were few auto

ROYAL THRONE FOR CORN KING READY CHICAGO MONDAY

YOUNG CANADIAN FARMERS, BROTHERS, NAMED WHEAT AND OATS KINGS

CHICAGO, Nov. 28. (AP)—William H. Curry of Tipton, Ind., was named 1938 "Corn King" at the International Grain and Hay Show today. Curry is a third successive title. He showed a sample of 10 ears of Reid's Yellow Dent.

By winning the title today Curry automatically will be honored from competition for three years under rules of the show. No one ever before had won the title three successive years.

The title of corn prince, the premier award to a junior corn grower, went to Richard B. Blackwell, of Franklin, Ind., who also showed a sample of Reid's Yellow Dent. Blackwell is a student at DePauw University.

Runner up to Curry with the reserve corn championship was Peter J. Lux, of Shelbyville, Ind., a four-time corn king in past years. Lux won the title in 1919, 1922, 1926, and 1934. His sample was Johnson County White.

The reserve corn championship in the junior division was awarded to Bobby Higgins, of Crawfordsville, Ind.

A sleek well groomed hog, exhibited by Pennsylvania State College, was selected as the champion Berkshire Barrow. The college also showed the reserve champion Berkshire Barrow.

Pennsylvania State College also exhibited the champion pig of barrows and the reserve champion pen award went to Purdue University.

The champion Shropshire weth-

CHINESE REPORTED HEAVY DAMAGE DONE JAPANESE ARSENALS

JAPANESE REPORT HEAVY CHINESE CASUALTIES IN MOPPING-UP CAMPAIGN

SHANGHAI, Nov. 28. (AP)—Chinese today reported they had inflicted heavy damage, through fire and explosions, on Japanese arsenals and munitions plants in China.

A huge arsenal at Mukden, Manchoukuo, was said to have been wrecked by a mysterious fire and explosion Nov. 20.

In addition to destruction of large amounts of munitions and aircraft, 200 Japanese and other workmen were said to have been killed and 60 Japanese military guards injured.

A second Japanese arsenal, China was reported, was blown up two days ago at Taiyuan, in Shanxi province, killing 300 Japanese soldiers and workmen.

Meanwhile, foreign apprehension over Japan's future course in China was heightened by Japanese construction of a huge military base near Woosung, at the mouth of the Whangpoo river downstream from Shanghai.

HONGKONG, Nov. 28. (AP)—Japanese troops mopping up Chinese guerrilla resistance on the borders of British territory today reported the latest inflicted 1,000 casualties and now were turning their campaign against scattered Chinese units farther inland.

Japanese field dispatches indicated the present drive, which has brought fighting to the edge of this British crown colony, was designed to destroy what ever faith Chinese may have left in the "protection" afforded by heaving areas of foreign influence nearby.

A number of villages were reported to be burning fiercely in the region while thousands of refugees, some of them wounded, poured across the border into Hongkong.

Meanwhile, the United States gunboat Mindanao arrived from Canton with 48 passengers, including several Americans. Among them was United States Consul I. N. Linnell, who is returning home on leave.

Much Gold Shipped.

PLYMOUTH, England, Nov. 28. (AP)—Gold valued at \$7,448,000 was shipped to the United States today aboard the freighter Noordam.

NORTH OF ENGLAND TOWNSFOLK SEEK PHANTOM SLASHER WHO IS ATTACKING WOMEN WITH KNIFE

HALIFAX, England, Nov. 28. (AP)—The "Phantom Slasher" who has terrorized this North England town for a week struck again tonight at the first of his 11 victims, wounding her in the chest.

Police surrounded the district and closed streets in the neighborhood of the attack but the assailant again escaped.

His second-time victim, Mary Sutcliffe, 21, was taken to a hospital.

She was attacked in her own backyard just a few yards from where her wrists were slashed a week ago when she shielded her face from sight of the slasher.

Women of the town have been ordered to remain indoors after nightfall because the man strikes along darkened byways.

Police have been unable to trace the slasher who has attacked eleven persons within the past seven days. All but two of the

PLAN TRAINING OF 225,000 CIVILIAN PILOTS, MECHANICS

WOULD BUTTRESS NATIONAL AIR DEFENSE AT GOVERNMENT EXPENSE

By DEVON FRANCES.

Associated Press Aviation Editor

NEW YORK, Nov. 28. (AP)—A plan for training 100,000 civilian pilots and 125,000 mechanics at government expense during the next five years to buttress the national air defense has been agreed upon by the Army Air Corps and the Civil Aeronautics Authority.

It must hurdle the scrutiny of President Roosevelt, to whom the scheme is scheduled to be presented late this week, and obtain the approval of the new congress meeting in January before it could become effective.

Intended as part of the air rearmament program under contemplation by the administration, it would give the United States an air force reserve numerically approximating that which Germany is reliably reported to have at the present time.

Touss Johnson, assistant secretary of war, already has mentioned the figure of 12,000 airplanes as a likely goal toward which the army will build in the equipment aspect of the air rearmament program. A force of 3,000 planes for the navy was authorized by the last congress.

As worked out by the army and the CAA, the civilian training program would be carried out at the rate of 20,000 pilots and 25,000 mechanics a year at approved commercial schools, with the government footing the entire bill.

The more promising graduates would be offered the opportunity continuing their training learning to pilot faster and larger air corps planes, instrument flying, and the finer points of engine and airplane upkeep—as a special class of reservists on active duty.

Some 35,000 persons hold "student" flying licenses, and 7,500 mechanics are enrolled in commercial schools. The two groups would be culled over to obtain a nucleus for the proposed civilian air corps.

U.S.C. Named As Defender of Rose Bowl For West

LOS ANGELES, Nov. 28. (AP)—Southern California was officially named today to represent the Far West in the Rose Bowl football game, January 2.

Hugh C. Willett, president of the Los Angeles County Football Association, formally announced the result of the vote of the ten members of the conference.

The University of California was the other candidate for the honor the Golden Bears having tied U. S. C. for the conference title, both having won six and lost one conference game. U. S. C. defeated California 13 to 7.

It will be the fifth trip to the Rose Bowl for the Trojans. They have never been defeated in Pasadena during a post-season game. S. C. defeated Pittsburgh twice, Penn State and Tulane in its four bowl appearances.

An early announcement was expected of the team probably from Texas Christian or Tennessee—which will be invited west for the battle.

Coach Howard Jones and Director of Athletics W. O. Hunter both expressed pleasure at the Trojans' selection, the exact vote on which was not announced.

Jones said he had no personal preference for the Eastern opponent. He said he would confer.

JOE D. FARMER OF DRANE COMMUNITY BE BURIED TUESDAY

Joe D. Farmer, aged 60 years, died at the family home in the Drane community Sunday night at 11:30 o'clock. He had resided in the Drane community for the past 30 years.

Surviving are his wife, four daughters, Miss Inez Farmer, Drane; Mrs. Odett Russell, Drane; Mrs. Jake Calhoun, Blooming Grove; and Mrs. R. D. Onstott, Hubbard; a son, Joe Farmer Jr., Drane; a grandson, Lonnie Gene Onstott, Hubbard; two sisters, Mrs. George Cox and Mrs. Bell Malone, both of Alabama, and other relatives.

Interment will be made in the Campbell cemetery. Funeral services will be held Tuesday afternoon at 2 o'clock at the Drane Church of Christ. Sutherland-McCammon Funeral Home is in charge of arrangements.

FUNERAL RITES HELD SUNDAY FOR MRS. LILLIAN MYERS

Funeral services for Mrs. Lillian Myers, age 78 years, who died late Saturday afternoon, were held at Eureka Sunday afternoon at 4 o'clock. The rites were conducted by Rev. T. R. Vaughn, Baptist minister.

Mrs. Myers had been a resident of the eastern section of Navarro county for many years and was well known.

Surviving are her husband, Math Myers, Eureka; two brothers, Kild Howell, Rural Shade; Charles Howell, Dallas; a sister, Mrs. Robert Polan, and other relatives.

The funeral arrangements were directed by L. B. Bonner & Co.

French war veterans stepped in between Premier Daladier, firmly trying to hold the nation behind his plan to rebuild France's finances, and labor, angrily fighting to preserve the 40-hour week.

Warning of results that might "compromise the security of the nation," the war veterans urged the premier to try to calm aroused passions and labor to call off a general strike announced for Wednesday.

Chamberlain was understood to have decided to go to Rome about the end of January in an effort to win Premier Mussolini's favor for his plan for European appeasement, hoping that Il Duce would sway Reichsfuehrer Hitler also to support it.

In Tokyo, Lieut. Gen. Eiki Tojo, vice minister of war, warned munitions makers that "Japan must fight a vast war on two fronts." He declared that the United States does not recognize a changed situation in the Far East and that a conflict between Japan and Soviet Russia "apparently is inevitable."

Chamberlain May Go to Rome.

LONDON, Nov. 28.—(P)—Neville Chamberlain, Britain's aged but active prime minister, was reported today to be planning a trip to Rome to further his policy of European appeasement. No official announcement was made but broad hints were thrown out through the British press.

It was understood Chamberlain tentatively set the end of January for the trip. Meanwhile, he would test reaction at home.

Last Czech Territorial Grab. WARSAW, Nov. 28.—(P)—The last of the Czechoslovak territorial adjustments, for the time being at least, was completed Sunday with Polish occupation of about 20 square miles of the Carpathian valley.

A Polish army major and a non-commissioned officer were reported killed in the occupation, which brought to a little over 400 square miles the Czechoslovak territory given to Poland by negotiations after the Munich agreement.

Anti-Jewish Theater Blast.

BUDAPEST, Nov. 28.—(P)—Reports from the Rumanian city of Timisoara, where a theater blast attributed to anti-Jewish agitation.

One dispatch said ten persons were killed and more than 40 wounded in an explosion yesterday while a company of Jewish actors was giving a performance.

Sudeten Vote For Hitler.

BERLIN, Nov. 28.—(P)—Berlin newspapers reported today Sudeten Germans living in Italy had voted 100 per cent for Reichsfuehrer Hitler and the Nazi party in special polling Saturday on a German steamer off Genoa.

This voting was part of the election which will be held Dec. 1 in the Sudetenland, ceded by Czechoslovakia to Germany, in which voters are called on to show their support of Hitler and vote for his list of reichstag candidates.

Piow Calls. ROME, Nov. 28.—(P)—Defense Minister Oswald Piow of South Africa, on a tour of European

KNIGHTS PYTHIAS PLAN ANNUAL ROLL CALL TUESDAY EVE

Plans have been completed, it was announced Monday, for the annual roll call and open meeting of Corsicana Lodge, No. 6, Knights of Pythias, for Tuesday evening.

The affair will also be in the nature of a turkey banquet and 7:30 has been set as the time when the banquet will be served. This is an annual affair and always attracts a large number of Pythians and their families and friends. The Pythian Sisters will assist in the Tuesday night meeting also.

One feature of the program will be the showing by C. C. Cunningham of his travel pictures. Some of these pictures were made on his trip from the southern tip of Africa up through the heart of the Dark Continent, to the mouth of the Nile. Other pictures were taken in other parts of the world.

GRAIN KINGS

(Continued From Page One)

or of the show was exhibited by the University of Wisconsin.

CHICAGO, Nov. 28.—(P)—The mythical thrones of wheat and oat "kings" already occupied, judges of the International Livestock Exposition today dusted off another royal seat—for the corn "king."

While judges inspected thousands of ears, growers and speculators paced the long halls of grain exhibits anxiously awaiting their decision.

Interest in the livestock judging also was heightened as open class competition started and a battery of experts cast appraisal eyes in search of the eight finalists who will tramp the ring, probably Tuesday, when the beef baron, finest steer in the nation, will be selected.

Last year's grand champion was a shorthorn steer owned by the Oklahoma A. and M. College which also won the 1936 championship, with an Angus steer. Although all livestock judging was suspended yesterday, the grain judges worked throughout the day and announced the "kings" of wheat and oats.

The brothers Rigby, young Canadian farmers of Wembley, in the Peace River Valley of Alberta, carried off the coveted premier grain awards.

F. Lloyd Rigby, 23, ascended the throne as "Wheat King" and his younger brother, W. Justin Rigby, 22, moved onto an adjoining throne as the 1938 "Oats King." It was the first time in the history of the exposition that brothers had been awarded both crowns.

Kerns Woman Returns Home. KERN, Nov. 28.—(P)—Mrs. E. V. Ivey has returned from several months spent in hospitalization at Sanatorium, and is being welcomed by her many friends.

capitals, today called on Premier Mussolini and Foreign Minister Count Galeazzo Ciano.

It was understood Piow's visit was concerned chiefly with trade relations between Italy and the Union of South Africa. He is scheduled to leave for Paris tomorrow.

STOCKYARDS

(Continued From Page One)

try, which will be prevented if the packers comply with the laws of our nation and bargain collectively with the packing house workers' committee.

"If it takes a strike of all of Armour's plants throughout the country to enforce the laws, the packing house workers organizing committee will certainly do its part."

Directors of the Chicago livestock exchange—made up of commission men who act as sales agents for farmers at the yards—open market—announced they would defer a decision on resuming sales until after representatives of the management and the CIO strikers meet with federal conciliators at a peace parley this afternoon.

Striking CIO handlers had massed more than 250 pickets around the main entrance of the yards and other patrolled four smaller entrances.

Pollmen Present

Their numbers were augmented by 100 men, who in the personal direction of Commissioner James P. Allman.

Six o'clock, the hour set for the A.L.C. crew to being work, passed tensely and without any attempt to break through the surging picket lines.

Just before dawn a stone was hurled through the glass door of the A.F. headquarters across the street from the main gate. The lock of the door was smashed later, and union officers said they had to force it to gain entrance.

James Winkelman, vice president of local 567 of the packing house workers organizing committee, estimated the number of pickets at between 250 and 275. A number of his men were engaged in passing out leaflets charging the Union Stock Yard and Transit company, operator and the CIO with "underworld characters" to assault the picket lines.

The same complaint was made to the United States district judge's office and to Mayor Edward J. Kelly. The CIO charged conspiracy to violate the civil rights of the union.

ACCIDENTS

(Continued From Page One)

Technological College, Lubbock. He was found dead in his apartment.

Mrs. Mary Bullard was burned slightly when a fire, blamed on a gas explosion, destroyed a clinic at Hughes Springs, Cass county. Four Dallas residents, Mr. and Mrs. Otto O. Switzer and Mr. and Mrs. Fred W. Foster, suffered burns about the face and hands when fire, believed to have been started by a gas explosion, destroyed a tourist cottage office.

Gunshot Wound Fatal.

GAINESVILLE, Nov. 28.—(P)—Charles Dent Thompson, 42, was found dead of a gunshot wound at his home in Fish Creek community last night. His widow and two children survive.

Two Negroes Burn to Death.

DENISON, Nov. 28.—(P)—Will Baldwin, 60, and his wife Florence, 60, negroes, burned to death today when fire destroyed their home here.

Killed in Car-Truck Crash.

DEL RIO, Nov. 28.—(P)—Tom Loochey, 25, was killed yesterday when his car and a truck crashed four miles from here. Injuries were suffered by Gervis Vernon driver of the truck, and Ben Ellingsley, Jr., of Del Rio, fractured ribs and shoulder.

Crash Injuries Fatal.

DALLAS, Nov. 28.—(P)—R. E. Hall, 60, of Dallas, died here today of injuries he suffered in a car crash on the Dallas-Fort Worth highway yesterday. He was widely known in Texas as a hotel man for the last 40 years.

Accident Fatal.

MINERAL WELLS, Nov. 28.—(P)—James Lacy, 22, died yesterday after a car he was riding in struck a concrete culvert and turned over. Jack Dalton, the driver, was injured. Lacy's body was taken to Fort Worth for burial.

CHAMBERLAIN

(Continued From Page One)

peditionary force to France in case of war.

Sir Percy Harris, liberal, asked "whether this country is under certain circumstances committed to send an expeditionary force to France and whether as a result of the recent visit to Paris there has been any increase in such commitments."

The prime minister replied brusquely, "the answer is in the negative."

Harris was referring to the Nov. 23-25 visit of Chamberlain and Foreign Secretary Viscount Halifax to the French capital, where defense problems of the two powers were considered.

Chamberlain also said "no decision on the question of granting belligerent rights to General Franco (the Spanish insurgent leader) was reached" during the Paris visit.

Chamberlain's statement coincided with reports the active 69-year-old prime minister was planning a journey to Rome to further his policy of European appeasement.

CONFERENCE

(Continued From Page One)

must be made even safer. "Sudden war would find the troops in the Panama Canal department in an especially precarious position," he reported.

Woodring also recommended augmented war stores and equipment for the army and national guard, which together form the "initial protective force" of 400,000 men in the war department's defense scheme.

Anticipating White House recommendation to congress that the army air corps be enlarged quickly, the secretary advised that extension of the existing mobile general headquarters air force "now appears essential."

Senator Clark expressed in an interview his personal opposition to a large part of "this talk about the need for more national defense." He charged that militarists and "super-navy" groups were using "war hysteria as a cover for another pump-prime program designed to aid heavy industry."

The misanthropic senator is a leader in a non-partisan senate bloc that has sponsored neutrality legislation and similar measures.

NORTH CAROLINA GRID FANS HOPING DUKE GIVEN BID

DURHAM, N. C., Nov. 28.—(P)—The football faithful in these parts, from Governor Clyde Hoxby down, hoped today to see Duke in the Rose Bowl, but from Duke itself there was a mighty silence.

Coach Wallace Wade, the slow-talking Tennessee who guides Duke's football destiny, said a few weeks ago Duke wouldn't be interested in a Rose Bowl invitation. However, that was before Duke's 7-0 triumph over Pitt.

The Southern Conference, of which Duke is a member, has a rule prohibiting teams from playing post-season bowl games. The rule has been waived in the past.

However, Dean W. H. Wannamaker of Duke, who is president of the Southern Conference, said today that he had received no request this year that the regulation be lifted.

accidents as motorists kept off ice-crusted high ways.

Railroad and airplane schedules were not seriously disrupted.

Reach Marooned Parties

BANGOR, Me., Nov. 28.—(P)—State police received word today a unit of the rescue forces battling through heavy snow to the relief of 100 isolated hunters and C. C. youths near Aurora had reached its objective.

State Trooper Leonard Foster, telephoned divisional headquarters from Aurora saying a truck crew had dug its way through huge drifts to deliver food and supplies to hunters at Mopang Lake, five miles east of Beddington.

Foster did not advise headquarters how many persons were at the lake nor any of their names.

Meanwhile, Trooper Lachance on duty at headquarters said word came by radio from the main body of the rescue party that a state plow followed by several army trucks was 10 miles from Aurora on its way to Beddington and Eagle Lake, where several women were among an isolated group.

FRANCE

(Continued From Page One)

000 members, called on Daladier to "seek all means of calming the nation's emotions and of appeasing the social conflict."

The labor unions were asked to "reconsider the danger of general action, which, pushed to the limit, would compromise the security of the nation."

Both Daladier and the labor unions, which are backed by the socialist and communist parties, went doggedly ahead, however, with plans for and against the nationwide strike scheduled for Wednesday.

Called by the general confederation of labor for a 24-hour period, the strike officially would protest against the government financial-tax decrees which labor and the leftist parties declare favor the rich at the expense of the poor.

Although Daladier was given decree powers to mobilize 521,000 railroad employees into the army to keep them working, the employees were ordered by their labor leaders to "remain deaf and dumb at your posts" on Wednesday.

Except in the Valenciennes district in the north where 25,000 miners were ordered to strike today, work was resumed nearly everywhere for the next two days—a period of calm before the Wednesday offensive.

Railroad workers were notified by the government they would face penitentiary terms up to five years if they refused to work after being mobilized into the army.

Labor leaders retorted that the government could not possibly prosecute a half-million men.

A step toward compromise was seen last night in Premier Daladier's radio broadcast. The premier disclaimed all wishes to become a dictator and declared that the unpopular decree laws could be changed by parliament when it meets in December if the deputies chose.

Card of Thanks.

We wish to express our heartfelt thanks and appreciation to all those who helped in any way during the four months rest treatment for Alpha Lee at home, and helping make it possible for her to go to the Sanatorium.

May Gods richest blessing be with each and everyone—Mr. and Mrs. E. L. Gunn and Family.

PLANS ARE BEING WORKED OUT TIGER LOYALTY BANQUET

Plans for the annual Civitan Club Tiger Loyalty Banquet Friday evening, Dec. 9, are moving forward rapidly, Chas. T. Banister, general chairman, announced Monday.

The speaker for this occasion will be announced later in the week.

The committees as announced Monday include:

Arrangements Committee—Robert Cason, chairman; O. P. Douglas, Bill Archer, Tom Eady, Charles Bee and Jack H. Thompson. Program Committee—D. J. Wilson, David, chairman; Festus A. Pierce, Tom Orr, Rev. E. T. Miller and T. L. Tyson.

Tickets and Attendance Committee—L. K. Carraway and F. C.

Paul, co-chairmen; Mitchell Boyd, William Schnick, Jr., L. M. Morton, Jack Paul, N. Suttle Roberts, Elbert Neely, Paul Roberson, Bill Smith, Casey Robinson, Doyle Pevehouse, Ed Rittersbacher, John Sullivan, John Shibley, Russell Purdy, Robert Nix, Dr. H. A. Jungerman, C. B. Couch, Clark Butler, Clifford Brown, Dr. E. P. Norwood, Ed Wendorf, H. W. Keathley and Claude White.

Sick and Convalescent

Mrs. J. G. Williams was a medical patient at the P. and S. Hospital Monday.

Mr. and Mrs. Orin Follis are the parents of a girl born Monday at the P. and S. Hospital. Mr. and Mrs. Follis are from Purdon.

David Waddill, the six weeks old son of Mr. and Mrs. Johnnie Yates, who underwent a serious operation for a youngster of his age, is happy to inform his many interested friends that he is recovering nicely.

U. S. AMBASSADOR TO GERMANY NOT TO RETURN BERLIN NOW

CALLED HOME BY PRESIDENT HUGH WILSON WILL GO TO GEORGIA TO REPORT

WASHINGTON, Nov. 26. (AP)—Acting Secretary Welles of the State Department said today Hugh Wilson, who arrived here today from his post as ambassador to Berlin, would be assigned to the State Department for an indefinite period.

Welles said Wilson would take up duty as a consultant as soon as he returns from a conference over the weekend with President Roosevelt at Warm Springs, Ga.

Welles said Wilson's duties would be to advise state department officials on German affairs.

Neither Welles nor Wilson, a former assistant secretary of state, would comment on the probable length of the ambassador's stay in this country. Other state department officials said later, however, assignment was temporary and the deduction should be drawn from it.

Indications at the state department are that the decision whether he will return to Germany has not yet been made and probably will not be made for several weeks.

It is probable that the German ambassador Hans Dieckhoff, who sailed this week for Berlin, will not return until Wilson's status is clarified.

Wilson's recall already has been interpreted in some quarters as a stern presidential disapproval of the latest outbreak of Jewish persecutions in Germany.

Wilson arrived this morning from Berlin, via New York, and went immediately into conference with the acting secretary of state.

In Conference Over Hour.

Welles was in consultation with Wilson for over an hour, after which Wilson, who was called home to report on the anti-Semitic campaign in Germany, made no statement on his arrival.

State department officials said Wilson departed for Washington probably early this afternoon for Warm Springs, Ga., to "report and confer" with President Roosevelt, who ordered him to return to the United States.

Welles said, however, that he would come back to Washington for further conferences and await the president's return to the White House.

While his conversation with Welles, Wilson began a swift round of conferences with leading state department officials. He conferred with James C. Dunn, state department political adviser, among others.

Talking with reporters, the ambassador declined to make any statement about conditions or the situation in Germany.

Informal officials, meanwhile, said that Myron Taylor, American vice chairman of the international committee on political refugees, would seek an immediate "show down" on how many German refugees each government is prepared to receive.

Sails for London.

The former chairman of the United States Steel Corporation had passage on the Normandie from New York, where the committee will meet.

Heretofore, no government has said precisely how many refugees it could accept.

The high official writers, it was indicated that Taylor would tell the committee that the situation demands such a statement from each of the participating governments without delay.

With these facts in hand the United States is confident, it was said, that the committee can secure from various relief organizations the large sums of money necessary to transport to Germany Jews to places where they can begin life anew.

Secretary Hull last week gave a strong indication that the United States believed the matter had been allowed to drag too long, in view of the latest developments in Germany, which he said had "redoubled the urgency of finding new homes for hundreds of thousands of persons."

Taylor, in a broadcast address last night, said that the United States was based on existing immigration laws, and that there was no question of "flooding" this or any other country with aliens.

President Roosevelt previously had said he had no thought of increasing the German immigration quota which is 27,370 annually.

Execution of a program of aid for German Jews has been complicated by Germany's refusal, to date, to discuss practical measures for getting the Jews out of Germany without enough money to make a new start elsewhere.

Cash Income Of Texas Farmers Is Less In October

AUSTIN, Nov. 28. (AP)—Texas farmers pocketed far less cash income in October than they did in the same month last year.

The Bureau of Business Research of the University of Texas reported today that income from agriculture in October was \$270,000, compared with \$711,778,000 for the same month in 1937 and \$101,000,000 for the October average in the 1932 base period.

After adjustment for seasonal variation the October index was 87.5, compared with 66.3 in September and 70.2 in October last year.

Most of the decline was attributed to a decrease of income from cotton and cottonseed, the bureau said. Income from live-stock and livestock products in October was practically equal to that of a year ago.

Card of Thanks.

We wish to express our thanks and appreciation to the many of kindness and words of comfort during our recent bereavement. Mr. and Mrs. John Duncan and Wesley, Mr. and Mrs. Henry Born and family, Mr. and Mrs. Born and family, Mr. and Mrs. Tom Freeman and family.

Birthday Sunday

Miss Nancy Stewart, (above), known to hundreds of friends as Miss Nan, observed her 90th birthday Sunday at her home 300 West First avenue. The first nurse employed at the State Orphan Home here over fifty years ago, Miss Nan is known and loved by former inmates of the institution now living in many parts of the United States. Governor-elect W. L. O'Daniel honored Miss Nan with a personal visit here several weeks ago.

Miss Nancy Stewart Is Given Pleasant Birthday Surprise

Miss Nancy Stewart was pleasantly surprised on her 90th birthday Sunday, when a host of girls from the State Orphan Home called at her home.

The "Happy Birthday" song was sung and then one of the girls, Priscilla Jean Thompson, presented Miss Nancy with a bouquet of white and pink chrysanthemums from the students at the Home. The group next sang "O Worship the King," and then all were led in prayer by Rev. M. W. Bergeson, chaplain of the Home.

The girls sang "On Jordan's Stormy Banks," and at the request of Miss Stewart they sang "I Love to Tell the Story."

Miss Stewart told of her days at the Home and commented on the changes that have been made since that time.

When asked what advice she would give to those who desired a long life, she said, "Live your life close to God, and don't ever let the Bad Man enter into your life."

PERSONAL HOLDINGS OF JEWS EXPECTED TO BE SACRIFICED

BERLIN, Nov. 28. (AP)—German Nazis today opened a glorified pawn-brokerage business to help hard-pressed Jews raise funds to pay for the \$400,000,000 fine imposed for the assassination of Ernst Thaelmann.

The Berlin Chamber of Industry and Commerce started a bureau on behalf of the economics ministry to take over jewels, art works and other valuable objects from Jewish estates when later.

The fine's first installment due Dec. 15 is to be cash principally. Many Jews have been assessed 20 per cent of their wealth as part of the fine and will have to liquidate much of their personal property to raise the money.

It was explained this central bureau was established to make it easier to convert their possessions into cash, after appraisal by experts.

Finance Minister Count Lutz Scherl-Kronig has reserved the right in collecting the fine to empower finance officials "in suitable cases" to take securities and real estate when later.

Installments come due Feb. 15, May 15, and Aug. 15.

Measures to ostracize Jews continued to pile up.

Retail Trade In Slightly Higher Trend Past Week

NEW YORK, Nov. 25. (AP)—Although still lagging in the recovery procession, retail trade moved ahead at a better pace during the past week, Dun and Bradstreet reported today in their weekly trade review.

"Buying in newly opened Christmas departments," the review said, "was up to the 1937 level in most stores, and merchants who always consider initial returns an excellent measure of results for the full season, planned for a holiday trade comparable to last year."

Gladys Hagle Wed Tom Smalling On Saturday, Aug. 27

Mrs. Carl Tucker announces the marriage of her daughter, Gladys Hagle to Tom M. Smalling, son of Mr. and Mrs. John Smalling, who reside on West Effingham Avenue, Saturday, August 27, at Fairfield.

Mrs. Smalling, who has been with her mother since her marriage, will join Mr. Smalling in Lebanon, La. after the Christmas holidays where he is bookkeeper for the Harry Follies Oil Co.

Riding Academy Be Opened Soon

Ted Harmon will open a riding academy at Corsicana fair plant on December 1, it was announced Saturday by W. E. McKinney, member of the board of directors.

Mr. McKinney said Mr. Harmon was here during the rodeo and his ability was well known.

Mr. Harmon will teach women and children riding and will also teach both men and horses the art of roping, Mr. McKinney said.

Stables are available at the fair plant and horses will be boarded if anyone desires.

FOREIGN AFFAIRS AND FINANCES ARE TEACHERS SUBJECTS

TEXAS STATE TEACHERS ASSOCIATION IN ANNUAL SESSION IN DALLAS ON FRIDAY

DALLAS, Nov. 25. (AP)—Finance and foreign affairs chiefly occupied sectional meetings of the State Teachers association convention here today.

Dr. E. F. Gittinger, dean of the school of education at the University of Texas, told the section of superintendence that Texas as could greatly increase its revenue for schools and other public purposes if it could work out a plan under which it would obtain a greater portion of the tax on its natural resources which is now going to other states.

County superintendents at their meeting passed a resolution recommending that all the state equalization funds appropriated by the next legislature be distributed to the schools by the state department of education rather than outside agencies. They elected A. W. Weatherford of Pampa president and J. H. Shepherd of Houston vice president.

Dr. Delbert Oberetter of Ohio State University scoffed at the regimented drills and caelesthenic exercises of the foreign to self-development activities, commenting:

"Americans do not want to be told every move to make in the manner that these drills prescribe." He spoke before the physical education group.

C. E. Castaneda of the University of Texas warned social science teachers that a lunatic theory of self-sufficiency and non-cooperation is sweeping Europe, and that nations of the Western Hemisphere are behooved to develop understanding among themselves.

He characterized President Roosevelt's good neighbor policy in Latin America as the sanest and most realistic foreign policy the United States has ever adopted.

Came At Opportunity Time.

Castaneda, librarian in charge of the State Library at the University of Texas, said that the new policy of the U. S. came at a time when Germany, Italy, and Japan were making "dane" us out of business because of the United States through economic inflation. He said the policy has paid not only in good will but in economic returns and cited figures to emphasize increased trade between the United States and "neighbors to the south."

Keynoting the session of the social studies division was a proposed exchange of students and teachers between nations as a means of furthering international understanding and peace. New officers elected were H. H. Boyd and Mrs. C. C. Nichols, chairman and secretary respectively, both of Austin; and Miss Vernon Hill, vice chairman of El Paso.

Resolutions were passed at the session of the Texas Association for childhood education, recommending equal and adequate requirements in training and certification for all teachers regardless of age level assignments; a single salary schedule for all school systems in Texas; an adjustment of teaching loads for efficient professional service; the promotion of visual education, and the establishment of more kindergartens as an integral part of the public schools.

Would Change Law.

DALLAS, Nov. 25. (AP)—The houses of delegates of the Texas State Teachers Association will act today on a resolution recommending that the legislature be urged to require the state tax board to provide revenue, within the 35-cent state tax limit, sufficient to meet school costs as determined by the state board of education.

Under the present law, the state board's recommendation on per capita apportionment is not binding on the state tax board which sets the rate.

The resolution committee, of which C. M. Rogers of Amarillo is chairman, discussed need of legislation that in effect would force state agencies to provide sufficient funds to operate Texas public schools on a six-months basis.

This and other proposals will be acted upon during the day by the house of delegates.

Freestone Man Killed As Car Hit By Zephyr

TEAGUE, Nov. 26. (AP)—Freestone, 62, postmaster at Freestone, was killed today when his car was struck by a train.

The train, a passenger train, was traveling south on the Rock Island Railroad at the time of the collision.

Freestone, 62, was traveling in his car when it was struck by the train. He was killed instantly.

Wreckage of Moore's car was carried 500 yards down the track after the impact.

The Zephyr was delayed about two and one-half hours.

Kerens Student Is Sorority Pledge

KERENS, Nov. 28. (Spl.)—Selected by the vote of old club members, Miss Frances Hemphill, sophomore at T.S.C.W., Denton, was elected a club preference pledge to the Aglaia Literary Society. Formal initiation of the Aglaia pledges came as a climax to the week of rush parties given by the eleven literary and social clubs on the T.S.C.W. campus.

Miss Hemphill is the daughter of Mr. and Mrs. W. W. Hamphill and is making an enviable record in her chosen course.

Visit In Brownwood

KERENS, Nov. 28. (Spl.)—C. E. Smith, Emmett Smith, Mrs. Jack Pitt and daughters, Mary Anna and Laurel, returned today from a visit to Brownwood, Texas, with the former's son, C. E. Smith, Jr., and wife, going especially to see the newest member of the family, C. E. Smith III.

They were accompanied home by Mrs. C. E. Smith, who spent the last six weeks with her son.

Screen Comedian Coming to Palace Theatre

Rufe Davis, the screen's leading comedy sensation of 1938, comes in person to the Palace theatre on Tuesday, Dec. 6, through arrangements with Music Corporation of America.

Having recently finished a series of successful screen hits, the "Radio Rube" will entertain with his songs and guitar playing. The highlights of his offering are the imitations he gives of animals, persons and other objects.

Born in Oklahoma and still possessing the drawl peculiar to that country, Rufe is certain to console young and old alike, once he starts his presentation.

The screen attraction will be the Marx Bros. in "Room Service."

JOINT MOTOR-WATER FREIGHT RATES FROM NEW ORLEANS IS RECOMMENDED BY ICC EXAMINER

WASHINGTON, Nov. 28. (AP)—An Interstate Commerce Commission examiner recommended today that the commission authorize the establishment of joint motor-water freight rates between New Orleans and points in Arkansas and Texas.

The examiner, in his report today, said that the proposed rates should be permitted to become effective as they do not appear to be unduly low and the record is not convincing that any real injury to protestants' rate structure or to the transportation industry as a whole would result therefrom.

Protestants claimed the proposed rates would cause destructive competitive practices. In his report today, Examiner John L. Bradford said the proposed rates should be permitted to become effective as they do not appear to be unduly low and the record is not convincing that any real injury to protestants' rate structure or to the transportation industry as a whole would result therefrom.

TEXAS, OKLAHOMA AND ARKANSAS FAIL TO RECEIVE AN EQUITABLE SHARE OF PWA ALLOTTED FUNDS

FORT WORTH, Nov. 25. (AP)—Texas, Oklahoma and Arkansas failed to receive their equitable shares of Public Works Administration funds allocated to this seven-state region, George M. Bull, regional director said today.

Bull's announcement was issued after he had received word from P.W.A. Administrator Harold Ickes to the effect that allotments under the 1938 PWA program were virtually complete and that subsequent shifts probably would be inconsequential.

The total amounts received in those states did not reach the quota because of failure of communities to accept funds, or, in some cases, because the communities did not establish eligibility, Bull said.

Louisiana was the only state to receive an amount materially larger than the equitable share, the regional director pointed out.

Records for the region show that Texas received \$2,034,331 in allotments as compared with an equitable share of \$2,536,000. Bull said that in August, Texas allotments totaled about \$45,000,000. Subsequent action on the part of the communities cut the total to the final figure.

Oklahoma with an equitable share of \$15,204,000 received \$4,094,152. Arkansas received \$4,557,864 or \$5,433,336 less than her equitable share.

Louisiana received \$1,763,723 more than her equitable share of \$1,042,800.

Colorado received \$6,649,060 as compared with an equitable share of \$6,588,400. Kansas final allotment was \$9,777,324. Her equitable share was \$9,918,800. New Mexico received \$2,632,428 as compared with an equitable share of \$2,792,200.

DEBUTANTE PARTIES QUESTION BOBS UP AGAIN WITH STATEMENT FOND PAPAS TO SPEND \$8,000,000

NEW YORK, Nov. 25. (AP)—"Society" today is little more than a stag line of college boys and unemployed young men, except in "the old south."

"x x x Adults, and especially men—marriageable or otherwise—have almost completely disappeared from the society into which a New York girl makes her debut today. So have they in Boston, where debutantes are now presented to the Harvard undergraduate body minus freshmen. They have disappeared because the social game costs time and money, x x x

"In New York, for instance, x x x 300-odd New York debutantes are being presented today to the society of their elders, not to a waiting legion of eligible bachelors, but to 2,500 college boys and recent graduates, many of them unemployed."

The magazine said the 1,000 U. S. debutantes this year, "pick of the country from the standpoint of family background, wealth and breeding, will make their debut in a society that is everywhere in the throes of change, if not decay."

Oklahoma Girl Wins National 4-H Honor

CHICAGO, Nov. 28. (AP)—Lois Adams, 17, of Apache, Okla., won national recognition and a \$400 scholarship today when she was adjudged winner of the fourth annual national food preparation contest at the 17th annual National 4-H Club Congress.

Three other club girls also won scholarships. They were Vergie Trent, 18, of Delhi, Minn., second place, awarded a \$300 scholarship; and Dorothy Stone, 18, of Windsor, Vt., \$100 scholarship.

California Forest Fires Controlled

LOS ANGELES, Nov. 28. (AP)—Southern California's calamitous series of brush and forest fires, conquered after a loss of \$5,000,000 in property and denuded watersheds, sharply heightened today the danger of floods this winter.

Approximately 37,000 acres were burned over in five counties since last Wednesday, the chief damage being in the Santa Monica and San Bernardino ranges.

BI-PARTISAN STATE RELIEF BOARDS IS NEWEST PROPOSAL

GROUP OF DEMOCRATIC SENATORS MAKE SUGGESTION AS CHANGES RUMORED

WASHINGTON, Nov. 26. (AP)—A proposal that administration of relief be turned over to bi-partisan state boards came from a group of democratic senators today amid reports that President Roosevelt may ask changes in present relief machinery.

Senator Bailey (D-NC) said that Senator Bailey (D-NC) was drafting a bill to decentralize relief and that several democratic senators who have been critical of administration policies had agreed to support it.

Meanwhile, informed persons said numerous changes in WPA and allied programs were being discussed by Harry Hopkins, the relief administrator, and other administration officials.

They added that nothing definite has been decided, but that there was considerable likelihood some changes would be approved and recommended to the new congress by the president.

As explained by Burke, the Bailey measure would establish bi-partisan relief commissions in each state to administer relief funds through bi-partisan boards in each county.

The states would be required to contribute toward relief costs and provisions would be made for a gradual "tapering off" of federal expenditures as the states became able to take care of their needy.

Cotton Ginned Navarro County Is 51 750 P-les

There were 51,750 bales of cotton ginned in Navarro county from the 1938 crop prior to Nov. 14, as compared with 69,350 at the same time last year, according to figures released by James E. Taylor, special agent.

Former Navarro County Couple In Family Reunion

AMHERST, Nov. 28. (AP)—Eight children, Mr. and Mrs. E. E. Vaughn, and their families, totaling 40 persons, were present for the first reunion in five years at their home here in Amherst, Texas, Thursday.

Mr. and Mrs. Vaughn, who moved to Amherst five years ago, are old Texas settlers, having spent 45 years of their married life in this state.

They have been married 47 years on Nov. 28. Two years they spent in Arkansas. They lived in Navarro county, near Purdon, for 12 years, moved there in 1901. The Vaughns came from Paducah, in Kentucky.

All eight children were reared in Texas. Most of these children are, in turn, rearing their families in this state. Tentative plans are being made for another reunion next July 2.

Mr. Clayborn (Uncle Clabe) Vaughn, brother of Mr. Vaughn, and his wife, (Aunt Susie) of Sapulpa, Okla., were also present for the reunion. The two brothers had not seen each other for fifteen years. Friday morning, the two brothers, (Aunt Susie) and another brother, Bill Vaughn, Uncle Bill and Uncle Clabe had not seen each other for 20 years.

Present at the family gathering were 23 of the 25 grandchildren of the older Amherst couple, with only two being absent.

Most of the day was spent in listening to reminiscences of the old days, in eating the big Thanksgiving dinner, and taking photographs in the afternoon.

Children of Mr. and Mrs. Vaughn and their families present were Mrs. Clara Hubbard, and sons, Loyd and Harvey Lee, of Tyler, Texas. Mr. Hubbard, and another son, Harold, who is attending Southwestern Bible College at Enid, Okla., were unable to attend.

Dewitt Vaughn, wife and children, Jack, Jimmie, Wanda, Joyce, of Le For, Texas, and Mildred, who was a student at McMurry College in Abilene, Raymond, another son, was unable to come.

Mrs. E. L. Black, husband and children, Mary Lois, Clarence, and Billy Ray, of Amherst, and Mrs. Leland (Mae) Downing, husband and children, La Ruth, Keith, W. L., and Joy Sue of Amherst.

Elbert (Pete) Vaughn, wife and children, Doris, Helen, Bobbie Ray and Glenn, of Amherst. Frank Vaughn, wife and children, Gladys, Clara Mae, J. B., Catherine, and Sidney of Brath, Texas.

Mrs. Owen Taylor and little daughter, Frances Marie, and M. B. Vaughn, of Carlsbad, N. M., who was a student at McMurry College in Abilene, Raymond, another son, was unable to come.

Mrs. Leland (Mae) Downing, husband and children, La Ruth, Keith, W. L., and Joy Sue of Amherst.

Elbert (Pete) Vaughn, wife and children, Doris, Helen, Bobbie Ray and Glenn, of Amherst. Frank Vaughn, wife and children, Gladys, Clara Mae, J. B., Catherine, and Sidney of Brath, Texas.

Mrs. Owen Taylor and little daughter, Frances Marie, and M. B. Vaughn, of Carlsbad, N. M., who was a student at McMurry College in Abilene, Raymond, another son, was unable to come.

Mrs. Leland (Mae) Downing, husband and children, La Ruth, Keith, W. L., and Joy Sue of Amherst.

Elbert (Pete) Vaughn, wife and children, Doris, Helen, Bobbie Ray and Glenn, of Amherst. Frank Vaughn, wife and children, Gladys, Clara Mae, J. B., Catherine, and Sidney of Brath, Texas.

LOST HORIZON

Roger Babson, veteran business analyst, summons American business to a new spell of mountaineering.

"We have had hard times in America so long," he says, "that we have lost our perspective. Even the most cheerful and optimistic observers think that the 1929 business peaks can never be scaled again. Yet I am willing to forecast that American business men can pass 1929 peaks, if everybody will quit trying to ride the cart and will, instead, help pull it."

Henry Ford, a fellow-veteran, feels the same way about it.

According to Mr. Babson, the chart of the last 70 or 80 years shows a continually rising series of peaks. No boom period has ever stopped before the previous "high" were beaten. And why? Because of new industries which offered opportunities greater than the old ones.

"Tomorrow," he declares, "we will again be blessed by a flood of new industries and myriads of products. More patents have been issued in the last ten years than in any previous decade in our history. A huge demand for products has been built up by a whole decade of sub-normal consumption. American business can hit new highs which even the most optimistic cannot contemplate."

If people really see that vision, it will prove true.

LAND-HUNGRY EUROPE.

It will be a good thing for Europe and the world in general if, out of the pressing problems caused by the cruelty of the Nazi government in Germany, there comes a redistribution of population. The time is ripe for it.

Americans mostly do not realize the pressure of human life in Central Europe and other areas of the Old World. Populations have increased enormously in the last century and a half, as a result of the mastery of deadly diseases and the developments of the industrial age with its spreading cities. There are probably three times as many people in Central Europe today as there were in 1800, in spite of the heavy migrations. The congestion has been intensified since the World War by the new barriers to immigration raised by the United States and other countries.

The peculiarly cruel reaction to economic pressure in Germany, directed against one small racial group, need not blind other nations to the seriousness of this problem of racial pressure against geographical barriers. It is very desirable, and probably necessary if more disastrous wars are to be avoided, that the congested races of Europe should be enabled to spread out into new territory, with new pioneering opportunities.

For this reason it is important that the sparsely occupied colonies of the big empires should be made more available to settlement. The prospective establishment of Jewish colonies in some such areas may set the precedent for a far more extensive opening up of land and opportunity to the world's landless millions.

It may be, too, that Hitler has acquired a permanent headache in the Balkans.

As business improves, go along with it and plan to buy or build.

JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

OLD THINGS AND NEW
New things are selfish! They demand
Main constant care.
One must alert and watchful
stand
New things to wear.

New things are sensitive! They take
Offense at slight.
The trivial blunders man may
make
Are kept in sight.

New things are prey to discontent
And hard to please!
Sometimes they openly resent
The ways of ease.

But old things have an easy way
Gaily and dirt.
Such the grim service of the day
No more can hurt.

Like good old friends the good
old things
Share hurt and strife
And the rough wear long usage
brings
As part of life.

ROYAL TOURING PROBLEM

Weighty problems of state wrinkle the brows of British authorities as the King and Queen prepare for their epochal trip to America next year.

What entourage shall King George bring with him? Shall he come as King of England, or British Emperor, or merely as Sovereign of Canada? It matters a good deal, for it determines whether he shall be accompanied by a group of British cabinet ministers, or merely Canadian officials.

Then shall the royal pair bring along their medieval collection of "ladies of the bedchamber," "groom of chambers," "master of horse," and so on? For the mental peace of the Empire on which the Sun Never Sets, we hope they'll get it all worked out satisfactorily. As far as we Americans are concerned, we'd be satisfied with just the King and Queen, acting like ordinary folks; but the bigger the show, the better.

No matter how these details are handled, a London authority observes, "the visit will have immense importance as a symbol of the common friendship and ties of liberal idealism that, in spite of their divergence, unite the three countries. In a world as dark as ours, these pleasant courtesies are not to be despised."

SHARED PROFITS

The other day a man in Mount Vernon, N. Y., sold his machinery manufacturing business to a larger concern for \$1,000,000. He immediately divided \$250,000 among his 115 employees, basing the amounts on their length of service. Four of them received \$10,000 each.

The interesting thing about his act was that he considered it justice rather than generosity. The success of a business always depends on employees as well as owner and manager, he said. "What could I have done without them?" he asked the interviewer. "They were responsible for the success of my business and it is only fair that they should share in the profits. Every man can continue to work under the new ownership. I would not have made the sale if that had not been agreed upon."

Capital's share in business success is generally recognized. It is less usual to recognize the human share so fully.

8,500 PEOPLE SAVED

The accident curve, charted and watched so carefully by the National Safety Council, now indicates that there will be 8,500 more people alive and walking the streets—or riding in cars—on January 1 than there would have been if 1938 had continued the accident rate of 1937. That means 8,500 lives saved which, on last January 1, might have been considered marked for sudden death in automobile accidents of one sort or another.

Here is the finest kind of evidence that safety work brings results; and the finest kind of inspiration to continue that work through education and practice.

FORGOTTEN MAN—1938**FINANCING THROUGH TERROR**

The impression grows, among world observers, that the great Nazi pogrom with its burning and looting, its general terror and crowding of the prisons and concentration camps with innocent victims, was primarily a financial coup.

This view seems logical, from the government's action and the order of events. There seemed to be an understanding between the public and police authorities throughout the country. The general riots started almost simultaneously and obviously had official sanction.

They were allowed to run a certain length of time, then the police intervened to restore order. The arrests were carried out promptly and systematically, as if orders had been previously issued. The immediate announcement of penalties, including the collection of the owners' insurance money by the government, and on top of that the \$400,000,000 "fine" on the whole Jewish population, suggested careful planning.

It seems as if the Nazi government, always hard up because of its concentration of resources and labor on armament, had got itself into a worse financial jam than usual, and planned this levy on the Jews for temporary ease. If so, then the economic situation of Germany must be worse than the world has suspected, and the surrender of the democracies at Munich seems even less necessary than it appeared at the time.

MEXICAN PROBLEM

"If Secretary Hull would say to Mexico, 'Unless you return or pay for all confiscated property the United States will apply an economic boycott,' the whole problem would be solved in a moment, because Mexico could not survive without American trade," declares Henry J. Allen of Kansas.

It would be pleasant to think the problem was so simple and easy as that. Most of the well-informed Americans who have studied it seem to have serious doubts about such an arbitrary solution. Some experts say that if Uncle Sam "cracked down" on Mexico, there would be another revolution there in a week, and we would probably have 1910 and the following years of disorder all over again.

And if we used a club on Mexico right now, what could the United States expect to accomplish at that Pan-American gathering in Peru next month, for the consolidation of the New

PEACE WITH MEXICO

The rejoicing over Mexico's agreement to pay for confiscated land owned by Americans is out of proportion to the value of the land. The estimated compensation is \$10,000,000, which will be paid the owners in installments not less than \$1,000,000 a year. Such a sum, while important to the ousted owners, doesn't call for a national celebration. But the principle at stake is very important and the settlement is timely.

The United States can now go to the Pan-American conference in Peru next month on friendly terms with every other nation in this hemisphere, as a big brother and not as wielder of a big stick. The resulting atmosphere should make it easier for New World nations to tighten their ranks and form a solid bloc of free states against aggression from Europe or Asia.

In that association it is inevitable, because of numbers and power, that where Uncle Sam sits will be the head of the table. But there is not, and should not be, any kind of club on the nephews.

Meanwhile American owners of vast oil properties likewise expropriated by the Mexican government are wondering what will be done for them. Presumably the same principle should apply as in this land settlement. That problem, perhaps, can be clarified after the Peru conference.

THOSE WHO SURVIVE

Even in the darkest hour that the Jewish race has seen for centuries, there are expressions of faith and hope. A Hebrew scholar in this country, asked about the fate of his race, looks up from his books, saying: "Remember—the two peoples who are suffering the most today are the two oldest peoples in the world, the Chinese and the Jews. 'In these books is your answer. Our people have always survived to write the story of their persecutions, and of the downfall of those who persecuted them.'"

The barbarians have taken Berlin, and Germany is inflicting on herself the worst defeat of all.

California decides to use regular dollar bills for a while yet, instead of funny money.

World against Old World dangers?

In such a delicate matter it may be better to go slow, preserving Mexican goodwill and trust to gradual compensation for damages to American interests.

FLETCHER BALLEW'S FUNERAL RITES ARE HELD ON FRIDAY

Funeral services for William Fletcher Ballew, aged 38 years, who died at the home of his mother, 218 West Fifth avenue, Thursday morning, were held Friday afternoon at 3:30 o'clock from the chapel of the Sutherland-McCannon Funeral Home. Interment was made in Oakwood cemetery. The rites were conducted by Rev. E. T. Miller, pastor of the First Baptist church.

A native of Corsicana, Mr. Ballew graduated from Texas A. & M. College in 1924 and was connected with the Texas Power & Light Company for 10 years. He was a member of the Masonic Lodge.

Surviving are his wife, Winifred Roberts Ballew; daughter, Mary Belle Ballew; mother, Mrs. W. W. Ballew; two sisters, Mrs. Jester Pittman and Mrs. Patsy Shaw, all of Corsicana; and other relatives. Pallbearers were Donald Marr, Erner King, Suttles, Lawrence Ransom, Herman Roberts, Sam Brooks, Henry Patrick, Johnny Noble, Larry Ford, Trinidad.

Honorary pallbearers were friends of the family.

Man Is Charged With Driving Car While Intoxicated

A white man was held in jail Friday morning following his arrest late Thursday by city officers on charges of intoxication and driving a car while intoxicated. The man was charged with having driven his automobile into the southbound Sunbeam as it passed through Corsicana shortly after 6 p.m., striking the train about the second car from the engine. The car was considerably damaged. Chief Bruce Nutt said the man would be transferred to county authorities during the day.

W. W. Dossier of Barry Route 2 reported his automobile stuck from its parking place on South Beaton street near the Vogue cafe. It was later found abandoned near the Centennial Club on Highway 31.

One charge of intoxication and disturbing the peace brought an offender into the Corsicana Corporation Court Friday morning.

Krowledeen Club Of Kerens Met On Wednesday Afternoon

KERENS, Nov. 25.—(Sp.)—Mrs. Buddy Saunders and Mrs. Willard Sullivan entertained the Krowledeen club at the home of the latter on Wednesday afternoon from 3 to 5.

A short business session was held and due to the absence of the president, Mrs. W. L. Hardin presided. Suggestions were offered and plans made for the Christmas tree and dinner. Mrs. L. A. Pugh graciously offered the use of her home for this celebration.

Several received gifts from their Sunshine friends. Four members presented requests for the club which is being enjoyed immensely.

After all old and new business had been attended to, the hostesses served delicious open-face sandwiches, potato chips, apple pie, with whipped cream and coffee, to ten members.

The next meeting will be with Mrs. Arlon Simmons, assisted by Mrs. Jarrell Simmons.

Visiting Old Home. KERENS, Nov. 25.—(Sp.)—Mrs. and Mrs. Floyd Simmons of Chickasha, Okla., are visiting the former's aunt, Mrs. S. M. Mayo, Mr. Simmons left Kerens 32 years ago and this is his first visit back to the home town community.

Sun Want Ads Bring Results.

SHARP SCORED TWO TIMES FOR LADS; I. O. C. F. RALLIED

HARD-FOUGHT GAME WAS UNREELLED THURSDAY ON TIGER FIELD

By PAUL MOORE, Sun Sports Editor.

State Home Lads moved into the B bi-district competition of the Interscholastic League Thursday afternoon with another 13-6 victory over the Odd Fellows Lynx eleven. The Lads a week ago tonight defeated their neighboring club by the same score to go into a tie for the district pennant and Thursday afternoon's win clinched for them the district honors.

The Odd Fellows, however, rallied in the fourth period to chalk up nine of their 11 first downs, score one touchdown and had the ball on the State Home two-yard zone when the game ended. Had the score been tied, State Home would have won on first downs.

State Home received a total of 84 yards in penalties to the Odd Fellows. State Home rolled up 190 yards rushing, having all the advantage during the first three periods. The Lynx made 133 yards.

Penetrations Even.

Each club penetrated the 20-yard line on three occasions. State Home drew the first blood in the first period when they drove down the field with Sharp going over for the marker. His pass to Myer for the extra point was incomplete. A penalty to the Odd Fellows line in the second period was assessed but the running attack found weaknesses in the Lynx forward wall and the victors pulled out of a dangerous position.

State Home's second marker came in the third quarter. Taking the ball on their own 48-yard line, the Lads, with a nice assortment of thrust and end runs, scored with Sharp going over and carrying the brunt of the attack. Peterson, quarterback, with splendid blocking, circled and found the end to end the scoring for the Lads.

During the intermission between the halves, the pep squad of State Home presented an attractive drill and marching formations.

Harris Scored.

The Odd Fellows rallied in the fourth period. After working the ball down to the State Home 12-yard line, Erwin picked up one yard and Harris ripped the line for 4 and then 6 to the 2-yard line. Harris went over the stubborn State Home line in two plays. His attempted drop-kick for conversion was wide. Passes had put the Lynx in striking distance. Gaining the ball late in the period, the Odd Fellows, with passes and running plays, moved to the two-yard stripe where the game ended.

The Lads' forwards clearly outclassed the forward wall of the Lynx during the first three periods, but the situation was reversed during the final period. The melee was a hard-fought affair throughout the afternoon with the State Home showing improvement over their previous form of last week.

Despite the cold weather, a number of enthusiasts were in the stands cheering for their favorites. Many former students of both institutions were here for the holiday and the contest.

Arrangements for the bi-district competition will likely be perfected by State Home authorities during the week-end holidays.

Starling Lineups.

State Home: Morris and Whitely, ends; Prestidge and Ellis, tackles; Thompson and Wood, guards; Cornwall, center; Peterson, quarterback; Lively and Martin, halfbacks; Sharp, fullback. I. O. C. F. Home: Knight and Holland, ends; Gilmore and Garrett, tackles; Gaddis and Moss, guards; Metcalf, center; Erwin, quarterback; Caldwell and Harris, halfbacks; McMenamy, fullback.

Substitutions: State Home—Phillips, Knipp, Abernathy, I. O. C. F.—Eitzweiler, J. Box, M. Smith, Carter and J. Smith.

Officials.

Howell, Trinity, referee; Vincent, Baylor, umpire; Huddleston, Washington State, head linesman.

Summary.

Rushing gains: I. O. C. F. 133, State Home 100.

Rushing losses: State Home 1, I. O. C. F. 1.

Passes: State Home—4 completed for 34 yards gain, 6 incomplete and one intercepted. I. O. C. F.—4 completed for 43 yards gain, 7 incomplete and one intercepted.

Penalties: State Home 9 times for 34 yards loss, I. O. C. F. 2 times for 20 yards loss.

Penetrations: State Home 3, I. O. C. F. 3.

Touchdown: Sharp (State Home) 2, Harris (I. O. C. F.) 1.

Points: I. O. C. F. 6, State Home 13.

Score by periods: State Home 6 0 7 0—13, I. O. C. F. 0 0 0 6—6.

Man Narrowly Escapes Death Car Hits Train

John R. Bryan narrowly escaped death in a collision about 9:40 o'clock Friday morning between an automobile and the fast southbound Rock Island train at the intersection of the railroad lines and Highway 22 near Mildred.

Bryan was rushed to the Navarro Clinic where he received treatment. His condition is not regarded as serious. X-ray pictures of a leg injury are scheduled to be taken Friday afternoon to determine whether a fracture was sustained. Bryan's car was reported badly damaged.

Railroad employees reported that the rear trucks on the Rocker were damaged. Train employees did not discover the train had been struck until Teague was reached, it was stated here.

Married at Court House.

Oscar L. Pense and Lola Cline, both of Ennis, were married at the court house Thursday afternoon. The ceremony was performed by Judge A. E. Foster.

BANKING LOOKS AHEAD**The Priceless Ingredient**

Our country has all of the essential elements of prosperity—save one. That missing, but priceless ingredient, is confidence.

We have the raw materials, the man power, the money, the ability—apparently everything that is necessary to progress.

However, experience has shown that these things in themselves are of no avail unless there is cooperation based on confidence among all groups, including business men, workers, the government and the people.

The officers and directors of this bank pledge their full cooperation for the cause of community and national progress.

State National Bank
Of Corsicana

A BRIEF RESTATEMENT OF Our Loan Policy

We are always ready and willing to lend money to qualified borrowers who can make sound use of bank funds.

We want to lend money because loans provide earnings for our bank, add to the safety of deposited funds by helping to build reserves, help borrowers to achieve their goals, and aid community progress.

We consider a loan as a business proposition, not as a favor, and will gladly discuss your credit requirements with you on that basis.

THOMPSON FORESEES 'CRACKERJACK' YEAR FOR OIL INDUSTRY

HEAD OF INTERSTATE AND
TEXAS OIL BOARDS IS
MOST OPTIMISTIC

AUSTIN, Nov. 25.—(AP)—Ernest J. Thompson, chairman of the Interstate Oil Commission and the Texas Railroad Commission, said today it appeared 1939 would be a "crackerjack" year for the oil industry.

He ventured the prediction while outlining plans for a highly important statewide hearing held here December 12. He said testimony would be sought to ascertain whether the swelling of crude oil and gasoline stocks should be halted.

"We've cut crude stocks through the nation 34,000,000 barrels," he said. "Gasoline stocks have now been pulled down below what they were a year ago. It may be that at the start of 1939 we should stop these withdrawals from storage, at any rate we want heads of the big refineries to come here from all over the country at our regular hearing December 12 and tell us what they think about the situation."

The railroad commission chairman said he could see "nothing but improvement" for the oil business. Consumption of oil products next year, he predicted, would be about four per cent above that of this year. He asserted 1938 demand is running about the same as in 1937, which was the record year up to that time.

"The automobile manufacturers," he said, "expect to sell far more cars within the next twelve months than a year ago. Millions of people will be motoring to the two world fairs at New York and San Francisco. Business generally seems to be getting better."

No December indication.

Thompson gave no indication what the December prorator order, expected to be issued tomorrow, might be. He would not say whether the prorator would cut statewide two days a week production shut-downs would be continued, at or nearly at the end of the month. One Saturday would be exempted because the month has five Saturdays.

Dr. A. G. White of the United States Bureau of Mines, who is in charge of the survey of above-ground stocks of crude, also will be urged to remain in Texas for the interstate compact meeting at Fort Worth December 14-15.

Thompson voiced the opinion that Texas within the next few days would be in the position of having every one of its oil wells connected and of pipe lines being produced at allowable 100 per cent. He said all except two companies already had in operation in the KMA field and those two probably would co-operate.

Raleigh Youth Killed In Crash Blooming Grove

Raymond Hollingsworth, 21, of Raleigh, is dead and Horace Moore, 19, of Raleigh, is injured in an automobile accident on Highway 22 at Blooming Grove about 7 o'clock Thursday evening. Both cars involved in the wreck were badly damaged. Moore was given medical attention at Blooming Grove following the accident and then returned to his home in Frost.

The deceased is the son of Mr. and Mrs. Will Hollingsworth and was survived by a sister, Jack Keathley, Dresden, and other relatives in addition to his parents.

Hollingsworth was the twenty-first victim of traffic accidents in Navarro county this year.

Funeral rites are planned at Dresden Saturday afternoon at 2 o'clock.

REPORTS OF WORK BEING DONE UNDER COUNTY HOME AGENT

The following reports of activities of members of the Girls' 4-H clubs and Home Demonstration clubs over Navarro county have been made by Clara E. Rettiger, county home demonstration agent, in a report made to the association of work done by club women and girls:

Mrs. J. E. Stone, Kitchen Corset operator in the Corset Home Demonstration club, has a modern sewing cabinet in her kitchen. The cabinet unit is eleven and one-half feet long and twenty inches wide.

The lower section of working surface includes a sink, three sets of drawers in different sizes—a total of eight, and three bins for flour, cornmeal and sugar.

Above the working surface and directly above the sink there are two half-inch windows that give good light and make for good ventilation. On either side of the windows there are two large shelves, each containing five shelves. On the left side is a broom and cleaning closet is built into the wall.

The entire cabinet is painted white with small apple-green trimmings accenting the doors, drawers and bins, while the working surface is finished with colorless varnish in the natural colored wood.

Mrs. Stone has all her utensils and supplies organized, thus her kitchen exemplifies at all times, a place for everything and everything in its place.

Running water in the kitchen is now a reality in the home of Mrs. C. Klenschmidt, Kitchen Demonstration club. The Nebo Home Demonstration club.

This labor-saver and convenience was made possible at a very little expense for a barrel, a few feet of pipe, a faucet, a few pieces of rubber tubing and the material for a valve. Running water was all that was necessary.

A platform to hold the barrel was built near the well, the pipe was connected to the lower part of the barrel, the faucet connected to the pipe, and in turn water is drawn from the kitchen faucet. Thus, many steps and the carrying of many buckets of water each day is saved.

"I made a bath mat," reported Dorothy Murphy, Oak Valley 4-H Club girl, at a club meeting recently.

In making the bath mat Dorothy used blue and white cloth, carefully bleached a large feed sack so as to remove all the coloring. Then folding the sack double to make the mat soft to stand on as well as more absorbent, she sewed the edges and design in squares. This design was quilted on the machine in blue thread. Next she rounded the corners and bound the edges with the same blue thread. The finished mat is pretty as well as serviceable.

Ruth York, Richland 4-H Club girl, made a pair of her own clothes. Recently she designed and made a tailored dress of blue linen. The design in the dress depends on the interest of the pleats worked in both the waist and skirt. The dress is simple and Ruth believes that in designing and making one's own clothes a person can always have the colors and designs best suited to the individual's type.

PRESIDENT SAYS BUSINESS GROWING GENERALLY BETTER

ROOSEVELT IS ON RECORD
AGAIN AS OPPOSING POLICIES OF DICTATORS

By D. HAROLD OLIVER
WARM SPRINGS, Ga., Nov. 25.—(AP)—President Roosevelt said today business conditions generally were showing increasing improvement. He told a press conference, however, that while there was a general improvement, he had picked up this did not necessarily mean relief rolls would drop in proportion immediately.

He pointed out that last spring a general improvement in business and there was no work for them because the relief appropriations did not employ at the low point anything like the number of persons who needed assistance.

The President talked to reporters as he sat behind the wheel of an open car on a dirt road in front of a press conference.

The Chief Executive would give no hint as to the size of the relief appropriation for next year and the remaining four months of the current fiscal year. This would leave it to his message to Congress, he said.

A photographer's flash bulb exploded in the midst of the interview, throwing glass at the President. He laughed and said it was not the cameraman's fault. It was the flash bulb.

Through the medium of a Thurgood Marshall, the President was again on record—at least by implication—in opposition to policies of dictator nations.

Departing from an otherwise perfect bull-in-the-parade, the President last night the chief executive read a telegram—one of many greetings—from Eddie Cantor, the actor, as follows:

"Dear Mr. and Mrs. Roosevelt: I am thankful I can live in a country where all leaders can sit down on Thanksgiving Day and carve up a turkey instead of a map."

The message, read in present remarks, was a present remark to coast radio stars, "gives me a thought we can all think over."

The President spoke at the annual Founders' Day banquet of the Washington Foundation for Infantile Paralysis. Mrs. Roosevelt sat beside him as he recounted to the 800 crippled children and their families, and the foundation staff, progress of the health work published here a dozen years ago.

The advance text given to correspondents had contained no hint of foreign affairs. It was not until Mr. Roosevelt reached the ante room to Georgia hall, where he spoke in the huge combination dining-assembly room, that it became known he had decided to amplify his talk. He called a reporter and tipped him off to watch closely at the close of his address.

The President returned to Cantor of "an old friend." The movie picture-radio entertainer has been a long time in the White House. He has been a frequent guest at the annual Roosevelt birthday balls.

Mysterious Plant
Owned By Corsican
Finally Identified

The November issue of the Better Homes and Gardens magazine has unraveled a mystery for Mrs. S. C. Bagby, who brought a plant home with her from South Carolina in 1931, that has baffled nature lovers, florists and others as to its identity.

Page 60 of the magazine carries a perfect picture of the plant and a description of its name. It is entitled "Marica, the Mysterious." The plant is the Brazilian Marica (Ma-ri-ka), and there is a picture of the plant in the magazine.

CLIFFORD B. JONES ELECTED PRESIDENT OF TEXAS TECH

SPUR RANCHER, BUSINESS
MAN AND CIVIC LEADER
SUCCEEDS LATE DR. KNAPP

WORTH, Nov. 25.—(AP)—Clifford B. Jones, Spur rancher, business man and civic leader, this morning was elected president of Texas Technological College at Lubbock, succeeding the late Dr. Bradford Knapp.

Jones, chairman of the college board of directors, relinquished his chair to Spencer A. Wells, Lubbock, vice chairman, and left the meeting when his name was presented.

Mr. Wells, regular vice chairman of the board, was elevated to the temporary chairmanship to succeed Jones until an election of a permanent chairman, which will take place at the directors' next regular meeting date, the fourth Tuesday in January.

Mrs. John A. Aley, Midland, board treasurer, had been serving as honorary president of the college since the death of Dr. Knapp.

The board had considered perhaps a dozen candidates for the college post before the name of its own chairman, who was not a candidate for the presidency, was submitted.

Jones had repeatedly opposed any mention of his name for the presidency until today, insisting upon the board interviewing as many candidates as possible for the place, West said.

Who's Who Gives
Record of Jones

DALLAS, Nov. 25.—(AP)—Who's Who of 1938-39 gives this record of Clifford Bartlett Jones, new president of Texas Technological College.

Born, Rico, Colo., April 9, 1885; son of Charles Adam and Virginia (Bartlett) Jones; educated Central High school, Kansas City, Mo., 1903; married, Mrs. Louise Palmer of Denver, Colo., June 24, 1908 (died 1919); second marriage to Audrey Barber of Spur, Texas, Sept. 27, 1922.

Spur, Texas, 1904-07; vice president and treasurer, Jacques Steel Company 1907-10; assistant resident manager at Spur, Texas, for S. M. Swenson & Sons of New York City (owners of Texas lands) 1911-19; resident manager since 1913; president Spur Security Bank; director Stamford & Northwestern Railway Company, Stamford & Northwestern Townsite Company, New York City; director of the National Organization to Reduce Juvenile Delinquency, Chicago, Ill.; director of the Chamber of Commerce (member of executive board, former president) at Texas Tech; Texas unit of National Organization to Reduce Juvenile Delinquency; director of the National Loan Fund Association of Texas Tech; member of the Sons of the American Revolution, Democrat, Episcopalian, Mason 32nd degree, Knight Templar, Elks, Rotary, Lions, Clubs: Fort Worth Club, Tspuela Golf Club and Country Club. Home: Spur, Texas.

Jones Busy Man But
Never Gets In Hurry

SPUR, Nov. 25.—(AP)—Clifford B. Jones, president of Texas Technological college, is a very busy man who never gets in a hurry.

His friends described him that way at a dinner at the home of his 53-year-old West Texan job he can handle a dozen big jobs at once—and still find time to be a democrat, Episcopalian, Mason, Rotarian, club man and golfer.

Before he was out of preparatory school, planning to enter Yale, he had taken the Kansas City Bag Manufacturing Company, from that job he jumped into the vice presidency two years later at the Jacques Steel company.

At West Texas Tech, he was named a member of the board of directors by Gov. Pat Neff. Since 1927 he has been the board chairman.

His man with many interests takes a lively interest in his adopted town of Spur. He was once its mayor, and is now president of the Spur Security Bank.

At West Texas Tech, he was named a member of the board of directors by Gov. Pat Neff. Since 1927 he has been the board chairman.

His man with many interests takes a lively interest in his adopted town of Spur. He was once its mayor, and is now president of the Spur Security Bank.

NEW PRESIDENT OF TEXAS TECH

Clifford B. Jones of Spur was chosen by the Board of Directors Nov. 25 as president of Texas Technological college at Lubbock, succeeding the late Dr. Bradford Knapp. Mr. Jones has been chairman of the Board of Directors of the college since April 18, 1927, meanwhile serving as resident manager of the Swenson ranch at Spur. He also has served as regional adviser of the Public Works Administration of Texas, New Mexico and Louisiana. Mr. Jones has made his home at the picturesque Spur Inn and took a lively interest in the activities of his home town, which he once served as mayor.

FIVE NATIONS ARE REPRESENTED UPON PAN-AMERICAN SHIP MINIATURE PAN-AMERICAN CONFERENCE EXPECTED TO BE HELD OFTEN

By ANDREW HERDING
ABRAHAM, TID, S. S. SANTA CLARA, Enroute to Lima, Peru Nov. 25.—(AP)—A miniature Pan-American conference will be held aboard this ship carrying Secretary Hull and the American delegation to the Lima Pan-American conference.

On the Santa Clara are not only the United States delegation but also the Mexican delegation and important delegates of Colombia, Venezuela and Bolivia. Members of the groups said they expected to meet frequently with other delegates to "talk things over" during the trip.

Hull, after working long hours in the last few days, deferred a formal meeting of the United States delegation until Sunday. He made no comment on his talk yesterday with Hugh R. Wilson, secretary of the secretary of state, who believed the conversation did not enter deeply into German-American relations in view of its brevity.

The fact that many ambassadors and ministers in Washington of Latin American countries have been named as delegates to the Peru conference accounts for the large group of diplomats aboard. The Mexican delegation is headed by Ambassador Francisco Castillo Najera.

Other Latin American diplomats aboard are the Colombian ambassador, Miguel Lopez Pumarejo; the Bolivian minister, Luis Riquelme; the Peruvian minister, D. G. Guzman; and the Venezuelan minister, D. G. Escalante.

Astoria's minimum of 23 was the coldest of the year and the coldest Nov. 25 since 1924. Slightly warmer was the forecast there at Houston. At San Antonio, the temperature went to 29, and the downtown reading at Corpus Christi was 38. The airport reading was 32, and the forecast was for a regular weather.

In the Panhandle-Plains area, Lubbock had 21, with yesterday's low the coldest November of record there. Abilene had 30, Amarillo 24, El Paso 22, Wichita Falls 28, Dallas 25, Fort Arthur 20, Galveston 40, Brownsville 40 and light frost.

The official forecast predicted somewhat warmer weather over most of the state Friday night, but gave advance warning of a new norther due to hit in the Panhandle Saturday.

The coldest November temperatures since 1919 were recorded at Beaumont, when the mercury Thursday night dropped to 23. There was heavy frost, and ice, Paris, in northeast Texas, had 22, Tyler 24, Corsicana 24.

R. C. Avery, 67, was struck by an automobile and killed instantly at Fort Worth.

Three negroes—Eddie Brantford, Sarah Price and Della Price—were killed in an automobile-truck collision near Temple. Another negro was seriously injured.

Near Fredericksburg, Henry Dietrich, 20, Brownwood resident, was wounded fatally in a hunting accident.

At Fort Worth Mrs. V. L. Logan, 30, died from burns received when her bathrobe caught fire from a small heater.

GEORGE B. WILCOX ELECTED PRESIDENT OF TEXAS TEACHERS

CHARLES H. TENNISON OF
WICHITA FALLS IS FIRST
VICE PRESIDENT

DALLAS, Nov. 25.—(AP)—George B. Wilcox of the faculty of Texas A. and M. College today was elected president of the State Teachers' Association at the concluding session of the association's 60th annual convention.

Other new officers named were Charles H. Tennison of Wichita Falls, first vice-president; Miss Mary Evelyn Winfree of Houston, second vice-president.

Choice of the 1939 convention city, will be made at a meeting of the executive committee in January. The city of San Antonio were competing spiritedly for the honor.

DALLAS, Nov. 25.—(AP)—Three men were under consideration for the presidency of the Texas State Teachers Association today as the annual convention prepared to elect officers after the house of representatives had approved a proposed seven-point legislative program.

Nominate to head the association, succeeding R. H. Brister of El Paso, was H. H. Norwood of Corsicana, Richard J. Turrentine of Denton and George Wilcox of the Texas A. and M. College faculty.

Dr. B. B. Cobb of Fort Worth as executive secretary was confirmed yesterday by the house of delegates. C. O. Pollard, Henderson, was the only candidate for second vice-president and was also elected yesterday.

Other candidates to be voted upon today were Charles H. Tennison of Wichita Falls, and Eldon D. Eubank of Fort Worth, first vice-president; Ross Covey, Sweetwater; R. E. Selby, Pampa, and Miss Mary Winfree, Houston, third vice-president.

Twenty-three resolutions, offered by C. M. Rogers, Amarillo, were passed. These ranged from commendations that the state board of education reduce the number of grades to be taught in Texas schools to the denouncing of fraternities and sororities in the elementary schools.

The resolutions included commendation of the state board of education for continued effort in promoting a constructive program for improvement of education. It recommended that the board determine the cost of operating schools six months and that the tax board provide the necessary within the 35-cent limit; that the legislature provide funds to the state's part in matching contributions made by teachers in the retirement fund, and endorsed the teacher tenure bill, teacher certification, and the land board, appointment of the state superintendent by the state board and the equalization bill.

Health, Beauty And Poise

How to Improve Your Personality
By VERONICA DENGEL

POWDER PUFF HYGIENE

Do you remember the days when women thought they were very modish if their noses and chins were covered with a heavy layer of dead white powder? I was just a little girl at that time and was torn between wishing

I was grown up and could use powder too, and thinking how funny it looked. I never could make up my mind about it!

Brush off excess powder. Today, our mod of make-up is much changed, and certainly for the better! Still, there are many women who do not use powder correctly. Here are a few hints, and one which will keep your make-up in good condition much longer.

After cleansing your face, apply the foundation cream you prefer. For oily skins an astringent type is best. For dry skins, a very thin layer of oil will keep the skin softer. If you use a cream rouge, apply it now, but a dry rouge should be put on after the powder.

With a clean powder puff, pat a thick layer of powder all over the face and neck. Press the puff to the face, don't rub. Now with a soft camel's hair brush or a piece of cotton, brush off the excess powder, being sure to give attention to the sides of the nose and the chin. Just enough powder will adhere to the skin to leave a smooth, even finish.

This method may seem a bit wasteful at first, but you will use a larger amount of powder, but one application lasts several

hours and needs only to be touched up from your vanity case. Right here and now, I want to take a stand about powder puffs. I know many girls who prize a puff that they have been using for several months, and claim that it takes that long to break it in. They never wash them because, so they say, that would ruin them! This strikes me as being too bad, because they will surely pay with poor skins when they get a little older.

If you find it too much trouble to wash your powder puff two or three times a week, then use those nice little flannel pads which may be discarded. These may be tucked into your vanity in place of the puff that is usually provided. If they are too large, just cut the pad down to size.

Another thing, don't try to patch up your make-up other than with a little powder on the nose. It is such a bad habit to frequently rub and bang a solid powder puff against the skin. This only grinds the dirt into the pores, the powder mixes with the oil and soil on the skin, and soon you have blackheads and pimples. It is much better for your skin, and the effectiveness of your appearance as well, to remove all your make-up, wash the face, and start all over. If it is not possible to wash the face at that time, it is still very simple to cleanse with one of those handy moistened pads which can be quickly disposed of. You will feel more refreshed, and will have washed off one of the serious causes of bad skin.

If you will keep all your beauty and toilet articles together and within easy reach, it will not seem so troublesome to take care of your skin. And have your purse fitted, or use one of those little bags with a sliding clasp. They are a big help in keeping your handbag neat and clean.

Books To Give Children For Christmas

A Survey By Mary Graham Bonner
Author Of "Sundown Stories"

TITLE	AUTHOR	FOR	SUMMING UP
Stories From A Magic World	Elizabeth Woodruff	Little children	Gustav Tenggren has illustrated this nice story book
All About Subways	Groff Conklin	Boys with engineering interests	Advance planning and following labor interestingly described in detail and photographed
The Golden Ram	Lee Willenborg	Animal lovers	Told with understanding and dignity from the ram's viewpoint
Captain Binnacle	Howard Pease	Young boat enthusiasts	Happily combining imagination and adventure
Adventure For A Song	Alice Ross Colver	Older girls	An American girl studies in an English college and has trips. Well done
Wapiti Pete	Hal Borland	Early 'teens	The story of an elk. Absorbing, and beautifully written
Sue Barton	Helen Dore Boylston	Older girls	Sue Barton has been graduated into a visit-nurse and her problems and experiences are related naturally
The Secret of Silver Peak	Sarah Lind-say Schmidt	Older boys and girls	Ranch life, mystery and a romance
The 7th Scout	Edward P. Hendrick	Active boys	Plenty of excitement to satisfy eager scouts
Sleek	David M. Stearns	Little children	A delightful little story of an otter

COTTON PRODUCERS URGED TO EXERCISE THEIR RIGHT VOTE

COLLEGE STATION, Nov. 28.—(Spl.)—The Texas Agricultural Conservation Committee in monthly session here this week urged every cotton producer to exercise his voting right—whether for or against cotton marketing quotas—in the south-wide referendum December 10.

George Slaughter, state chairman, said acreage allotments are pouring out as fast as possible and that he expects every farmer to receive his acreage allotment before time to vote.

"The 1939 program is coming out on time," Slaughter asserted. "Naturally we feel the control exercised by marketing quotas would increase the effectiveness of the 1939 program. Marketing quotas, and the 3 cents a pound penalty for exceeding them, is the farmer's legal device to check overproduction and white down the price-depressing cotton surplus.

"However, the program would continue, on a voluntary reduction basis, without marketing quotas. But a cotton loan in 1939 will be available only if marketing quotas are in effect. Quotas are regarded as security against such a loan.

"It's a question for the farmer himself to decide. The ballot will be secret. And we certainly hope every farmer, regardless of his sentiment will vote."

Kerens Minister To Teach Missions

KERENS, Nov. 28.—Rev. M. O. Check, pastor of the First Baptist church, left Monday for Waco to assist in a school of missions at the Columbus Avenue Baptist church.

Returning Saturday he will fill the pulpit at the 11 o'clock hour Sunday and go to Brownfield where he will be an instructor in the Brownfield Association School of Missions for the following week.

Following the close of the school he will leave for a few days' visit with his respective families in El Paso and will be at home again about the 15th of December.

PLAN RECEPTION FOR MINISTERS AND WIVES WEDNESDAY

A called meeting of the board of stewards for tonight at 7:30 o'clock; the reception and open house Wednesday night at the same hour; Boy Scout meeting Monday night, and choir rehearsal Thursday night are the principal items of activity at the First Methodist church this week.

The choir will also meet in practice session tonight, preparing for the annual Christmas musical program to be given by the choir Sunday night, December 18. Wednesday night the reception will be for Dr. P. E. Riley and Mrs. Riley, and Rev. R. O. Sory and Mrs. Sory, pastor of the church, and the presiding elder, and their wives. It will be for the entire membership and will be sponsored by the Brotherhood Bible class and the Woman's Missionary Society.

The cold cut into the Sunday school attendance, with 386 present. While this was an increase of 23 over last year, it was a decrease from last Sunday. Missionary Day was observed in the Sunday school; 32 men heard Guy M. Gibson teach the Brotherhood Bible class, a resolution committee was appointed to bring in resolutions on the late C. E. Love and J. L. Cox, both former members of the class.

Dr. P. E. Riley, the pastor, was the speaker in the adult department; the young women's class sponsored the program in the young adult department; Miss Rosa Hishop was the leader in the intermediate department; continuing Thanksgiving was the theme at the young people's evening service; Mrs. Lloyd Chambliss directed the intermediate league.

The board of stewards met in session at 2 o'clock in the afternoon to receive their new list and work on pledges for the new year; the board of Christian education met in the afternoon and planned the Christmas activities. Pledge day was observed throughout the Sunday school and church. Dr. W. W. Carter made a three-minute talk at the morning church hour.

Rev. R. O. Sory, the new presiding elder, preached his first sermon at First Church Sunday morning before a large congregation, and at night the pastor preached. The choir brought special music at both hours.

County Council of Home Demonstration Clubs Met Saturday

The County Home Demonstration Club council met November 26, in the court court room. Eleven members present and nine clubs represented.

Plans for the Christmas party were made, which will be the third Saturday in December. All officers of the council and council delegates gave reports of the year's work. Mrs. Ernest Watson gave a report from the year book committee. The following officers were elected for 1939: Miss Hortense Waite, chairman; Mrs. W. N. Stough, vice-chairman, and Mrs. D. K. Vinson, secretary and treasurer.—Reporter.

BLIGHT RESISTANT MILO TO SUPPLANT OLD STRAIN SOON

COLLEGE STATION, Nov. 28.—(Spl.)—Blight resistant milo seed will entirely replace the old strain in Texas within the next two years, E. A. Miller, agronomist of the Texas A. and M. College Extension Service, has predicted.

Around a million pounds of the new strain will be available for sale by certified grain sorghum seed growers next spring and another million pounds will come from 600 farmers in 32 counties who grew the milo this year through the co-operation of county agricultural agents and vocational teachers.

Milo blight, or milo root rot, appeared in Texas fields a few years ago and spread rapidly until the disease cut yields by upwards of 10 million bushels annually. A selection process, carried by the Texas Agricultural Experiment Station under the direction of R. E. Karper, resulted in the finding of the blight resistant strain.

Demonstrations in the field and at substations at Lubbock, Chillicothe, and Spur produced large, fine heads and a heavy crown while adjacent fields of the old strain returned poor yields of light, chaffy heads, Miller said.

Get Ready for Winter

Don't go through the winter without the convenience of a hot water heater. You can get them with a small down payment and a very reasonable monthly installment.

J. L. COX, PIONEER OF NAVARRO COUNTY, WAS BURIED SUNDAY

Joe L. Cox, aged 85 years, longtime prominent citizen of Corsicana and Navarro county, died at the family home, 214 South Fourteenth street, Saturday night. The funeral was held Sunday afternoon at 3 o'clock from the First Methodist church. Interment was made in Oakwood cemetery. The rites were conducted by Rev. P. E. Riley, pastor of the church.

Mr. Cox had resided in Navarro county for 59 years and in Corsicana for the past 20 years. In his early life, "Uncle Joe" as he was affectionately addressed, was a railroad employee and was a fireman and an engineer with the old Houston and Texas Central Railroad Company, now a part of the Southern Pacific Lines system.

He was an extensive landowner and after moving to Corsicana, he was appointed and elected as justice of the peace, precinct 1, serving several terms.

Surviving are his wife, eight children, Mrs. O. P. Treadwell, Corsicana; Mrs. Frank R. Young, Corsicana; A. B. Cox and A. G. Cox, both of Winview; Mrs. A. C. Swinney, Ringling, Oklahoma; Mrs. C. S. Lambeth, Hugo, Oklahoma; Elbert T. Cox, Waco, and Francis H. Cox, Tyler, 18 grandchildren, seven great-grandchildren and other relatives.

Sutherland-McCammon Funeral Home was in charge of arrangements.

Applications For Marine Corps Being Received at Dallas

Applications for entry into the United States Marine Corps are again being considered at the district headquarters office, Dallas, Postmaster A. A. Allison announced here today.

Young men between 18 and 25 years of age, white, unmarried and without dependents are eligible to make application. High school graduates are preferred, but this qualification is not absolutely necessary. The postmaster said: All enlistments are for a period of four years and applicants accepted will be sent to the Marine Corps base, San Diego, California, for training preparatory to further assignment to regular duty.

Information and application blanks may be obtained at the postoffice, or by writing direct to the U. S. Marine Corps office, 822 Allen building, Dallas.

NIECE OF CORSICANA MAN KILLED ON WAY VISIT ILL UNCLE

Miss Nanie Standifer, aged 24 years, of Denison, was fatally injured in an automobile accident near Ennis Sunday en route to Corsicana to visit her uncle, E. D. McCarver, who is in the P. and S. hospital following an operation several days ago.

Her mother sustained minor injuries and received treatment at an Ennis hospital.

The accident is reported to have been caused by a blowout on the rear tire, causing the car to overturn.

Surviving are her parents, Mr. and Mrs. Claud Standifer, Denison, and other relatives.

Funeral arrangements had not been completed Monday morning.

Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Creomulsion not only contains the soothing element found in many cough remedies, such as Syrup of White Pine Compound with Tar, and fluid extract of Licorice Root, but it also has fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect, and most important of all, Beechwood Creosote nicely blended with all of these so that it will reach the source of the trouble from the inside.

Thousands of people, who really know their drugs, use Creomulsion in their own families, realizing that this excellent preparation aids nature to soothe the inflamed mucous membranes, to heal the irritated tissues, to loosen and expel germ-laden phlegm. Drug-

gists also know the effectiveness of Beechwood Creosote and they rank Creomulsion "tops" for coughs because in it you get a good dose of Creosote emulsified so that it is palatable, and may be taken frequently by both adults and children with remarkable results.

Creomulsion is generally found satisfactory in the treatment of coughs, chest colds and bronchial irritation, especially those stubborn ones due to common colds that hang on for dreadful days and nights thereafter. Don't worry through another sleepless night—use Creomulsion. Even if other remedies have failed, your druggist is authorized to refund your money if you are not satisfied with the relief obtained.

Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product, and the relief you want. (Ad.)
